

230-X-1-.29 **Re-Identification Of Contractors.** The Board will require any contractor presently licensed (but not in accordance with the foregoing classification of licenses) to re-identify the type or types of contracts on which he/she wishes to continue to perform, and the Board shall classify contractors according to the type or types of contract on which they may perform in accordance with the provisions of these regulations. Contractors who wish to perform or continue to perform various types of work will not be licensed or renewed to perform that work unless they properly complete the re-identification form to be supplied by the Board and unless they meet all other requirements for licensure or renewal to perform the type of work for which they seek licensure or renewal.
